

# SHE SUPPLY

## PRESS KIT

## who we are

We are a nonprofit that seeks to provide a sense of decency and cleanliness to women in less fortunate circumstances.

The She Supply model started with donation events in our community. From church groups, neighbors, Scouts to high school students, the support for the women we serve continues to grow across North Texas.

## our vision

To fight the effects of period poverty through service and friendship to women of all ages and to change the trajectory of their lives.

## our values

Community: We are all neighbors  
Faith: Service flows out of our faith  
Grace: Service without judgment
